Economics
 Career Program
 Degree Offered: Associate in Science and Associate in Arts
 Credits Required: 62
 Contact: Dr. Rodney Hiser, Lead Instructor, at 316.322.3165

Program Information
 Everyone is an economist. We all have definite opinions about prices, taxes, minimum wage, interest rates and big corporations. Unfortunately, too often our opinions are uninformed. Are high prices really bad? Should the Federal Reserve keep interest rates low so we can buy more houses and cars? Does minimum wage really help people? Can big oil companies charge any price that they want for gasoline? If you want informed answers to these and other economic questions, join Butler Community College's Economics Program. When you join this program you will learn to think like an economist and see the world around you in a whole new way.

Recommended Course Sequence
 Micro and macroeconomics courses are structured so that either course may be taken first.
 Semester 1: EG 101, SP 100, Physical Education Requirement, Behavioral Science Requirement, Humanities Requirement, Related Elective
 Semester 2: EG 102, MA 131 or above, Fine Arts Requirement, Related Electives
 Semester 3: EC 200, Lab Science Requirement, Related Electives
 Semester 4: MA 148, EC 201, Humanities or Fine Arts Requirement, Related Electives

After Butler
 The Associate in Arts degree is designed for students planning to transfer to a four-year college.

Career opportunities include actuary, economist, financial manager, loan officer, and marketing research analyst

BUSINESS PROFESSIONAL

Hotel Management

Career Program
Degree Offered: Associate in Applied Science
Credits: 63
Contact: Nancy Hansen, Lead Instructor, at 316.218.6236
