Career Program/Transfer Program
Degree Offered: Associate in Applied Science
Credits Required: 71
Contact: Department of Nursing, at

Asst., Karen Hulse

Program Information

The nursing program has a selective admission policy in which students are rank ordered by the sum of their composite NET score and the grades earned in the pre-requisite courses of Anatomy & Physiology, English Composition I and General Psychology. The program admits 45 first semester students every fall and spring semester. The nursing faculty is committed to providing a program of study which prepares the associate degree nurse for licensure and practice. The required nursing courses incorporate both classroom and clinical instruction. Clinical assignments include a variety of hospitals and health care settings in El Dorado and Wichita metropolitan area. Students need to be prepared for both day and evening clinical assignments. Students are expected to be prepared for their clinical experiences which may require preparation time at the clinical site in addition to their assigned clinical time. Graduates take the National Council Licensing Examination for Registered Nurses.

Articulation Agreements

The Kansas Nursing Articulation Plan developed by the Council for Nursing Articulation in Kansas permits Butler Associate Degree Nursing graduates 25 upper-division nursing credits to be awarded retroactively on the basis of the associate degree toward a Baccalaureate degree in nursing. The Butler and WSU Professional Link for the Advancement of Nurses (PLAN) assures students have an educationally sound and expedient means of completing both programs in the least amount of time.

Recommendations

Students must follow the curriculum sequence of courses, however the general education requirements may be taken prior to the indicated semester they are required. Nursing courses are rigorous and demand study and preparation time outside of the required course hours. Many students prefer taking the general education requirements before entering the nursing program to allow full focus on the challenging Nursing curriculum. Please visit the Department of Nursing web site at <http://www.butlercc.edu/nursing/>

Accreditation

National League for Nursing Accrediting Commission (NLNAC), 61 Broadway, New York, NY 10006, www.accrediting-Communication-nlnac.org
Kansas State Board of Nursing, 900 SW Jackson, Suite 1051, Topeka, KS 66612-1230, www.ksbn.org

After Butler

80% of Butler nursing students have jobs six weeks prior to graduation. Many Butler graduates transfer to complete their baccalaureate and masters degrees and are recognized as leaders and educators in the health care community.

Your Butler experience will prepare you for licensure and practice as a registered nurse. Butler nursing graduates are highly recruited by area hospitals and clinics.

Hints for Successful Completion

Students should limit outside work to less than 25 hours per week to maintain good grades and successfully complete the nursing program.

Additional Costs

A Nursing Lab fee is assessed each semester of the nursing program. Students are responsible for cost of uniforms, liability insurance, their graduate nursing pin and the licensing exam for Registered Nursing (NCLEX-RN). Students may apply for the Practical Nurse Licensure exam (NCLEX-PN) following successful completion of the first level of the nursing program. The LPN option is available only as part of the RN curriculum; there is not a separate LPN program or applicant selection process.

Prior to Admission

Students must make a separate application to the Nursing Program. Check deadline dates for application and admission requirements. Be sure to follow the Nursing Program Selective Admission Policy.

Requirements

Program students must have a physical examination, verification of immunizations and test free from Tuberculosis prior to entering clinical experiences and annually during the nursing program. Upon admission to the nursing program, students must have a specified background check. This is a one time requirement in the nursing program. Previous background checks will not fulfill this requirement. The Kansas State Board of Nursing will not license individuals with certain criminal offense history. You may inquire via the KSBN web site at www.ksbn.org.
