## PROGRAMS OF STUDY

### SUGGESTED PROGRAMS OF STUDY

The programs of study are intended to be used as a guide for students choosing program, course, and degree options at Butler Community College. To acquire a "major" designation on the transcript for Associate of Arts (A.A.), Associate of Science (A.S.) and Associate of

Applied Science (A.A.S.) degrees, the student must successfully complete the courses as outlined in the program of study.

Students planning to transfer should work with an advisor to make sure courses will meet the requirements of the four-year college/university to which they plan to transfer.

The programs of study for the Associate of Applied Science (A.A.S.) degree and certificate programs are required programs of study. To acquire a "major" designation on the transcript for the A.A.S. degree, the student must successfully complete all the required courses as outlined in the required program of study.

More information concerning enrollment in courses and transfer to specific colleges is available at the College Advising Centers.

### DEGREES

A.A.	Associate in Arts
A.S.	Associate in Science
A.A.S.	Associate in Applied Science
A.G.S.	Associate in General Studies
CERT	Certificate

**NOTE:** All first time, full time students are required to enroll in OR 102 Student Connect during their first semester at Butler. Should a student not be successful in this one hour class, he/she assumes the responsibility to re-enroll until the course is successfully completed.
