The curriculum is organized around five instructional divisions. These divisions contain both academic and career/technical programs and departments. The following descriptions identify the major purposes and programs contained within each division.

DIVISION OF BEHAVIORAL SCIENCE, MATH, SCIENCE AND PHYSICAL EDUCATION

The Behavioral Science, Math, Science and Physical Education Division provides the necessary general education requirements to graduate from Butler with an Associate in Arts, Associate in Science, Associate in Applied Science and Associate in General Studies degrees. The following departments are represented within the division:

Administration of Justice (Police), Behavioral Science (Anthropology, Psychology, Sociology and Addictions Counseling), Health and Physical Education, Elementary and Secondary Education, Mathematics, Biology, Chemistry, Physics, Pre-Engineering, and Social Science (Economics, History, Pre-Law, and Political Science). The division also provides programs in several occupational and professional areas. For more information call (316) 322-3129 or direct 733-3129 from the Wichita/metro area.

DIVISION OF HUMANITIES/ FINE ARTS

The Division of Humanities/Fine Arts provides general education courses to all students and freshman/sophomore degree requirements for those students majoring in Art, Dance, English/Literature, Foreign Language, Humanities, Mass Communications, Music, Philosophy/Religion, Speech, and Theatre.

Courses in the Humanities/Fine Arts enable students to create, to communicate their individual ideas and talents, to interpret the ideas and creativity of others, to develop critical-thinking skills, and to appreciate the arts and humanities. For more information call (316) 322-3328 or direct 733-3328 from the Wichita/metro area.

DIVISION OF LEARNING RESOURCES AND SERVICES

The division provides a variety of programs and services to help meet the diverse needs of Butler's students. These include library services, concurrent credit, community education, disability services, tutoring and testing services, and distance learning as well as academic courses.

The academic departments are college orientation, leadership studies, reading and Academic Achievement Centers. Courses in these departments are both developmental and college credit courses that support the educational pursuits of all students.

For more information call (316) 322-3125 or direct from the Wichita/metro area (316) 733-3125 .

DIVISION OF NURSING, ALLIED HEALTH AND EARLY CHILDHOOD EDUCATION

Nursing

Butler Community College offers an Associate in Applied Science Nursing Degree. The faculty is committed to providing a program of study which prepares the associate degree nurse for registration and practice. The associate degree nurse is prepared for practice in a variety of care settings.

The course of study which prepares students for the registered Nurse licensure examination can be accomplished in two years of full-time study. Students are provided the opportunity to take the vocational/practical nurse licensure examination after completing NR 105 and NR 106.

Along with college accreditation, Butler's nursing program is accredited by the Kansas State Board of Nursing and The National League for Nursing Accrediting Commission. The nursing program is college controlled and includes both general education and nursing courses.

Allied Health and Continuing Nursing Education

Butler is approved by the Kansas State Board of Nursing as a provider of continuing nursing education. Approval for selected programs is provided for nursing home administrators and social workers. Other courses prepare certified personnel for positions in health care agencies. The basic Emergency Medical Training (EMT) program prepares students to take both state and national certification exams. Butler is a Community Training Center for the American Heart Association, and provides classes in Basic Life Support and Advanced Cardiac Life Support. For more information call (316) 320-7375.

Early Childhood Education

The Associate in Applied Science Degree is designed for students planning to seek employment in a child care field following completion of their two-year degree. The one-year Certificate Program is for those not wishing to include the total general education requirements. The programs will qualify the graduate to direct a center of up to 100 children as well as teach and/or administrate in child care centers. By adding the designed courses, the A.A.S. Degree may be altered to obtain the Special Education option for the student wishing to be trained to work as a paraprofessional with preschool special education children. For more information call (316) 322-3182 or direct 733-3182 from the Wichita/metro area.

Many early childhood students do practicum work in the state-of-the-art EduCare Center. It serves as a lab site for the program as well as a service for children of students, faculty, staff and the community. It is licensed for 120 children ages two weeks to 12 years old. For more information call (316) 322-6845 or direct 218-6845 from the Wichita/metro area.
