

COURSE OUTLINE

Piano Class IV

Course Description

MU 104. Piano Class IV. 1 credit hour. Prerequisite: MU 103 with a C or better. This course will enable the student to learn how to read music off of a staff, and to play it on a piano. Each semester builds upon the last, so the skill level and musical sophistication of the student increases with each semester. The student will have to demonstrate this increased skill level in both playing and reading music than in the previous three semesters.

Course Relevance

This course helps the student begin to read written music and to transfer that knowledge through the fingers to a keyboard to make music. Playing music is a complex skill requiring the use of eyes, ears, muscles, and critical thinking skills all at the same time, and in real time. Consequently, though this course is primarily for hobbyists and for enjoyment, it has benefits far beyond these goals.

Required Materials

MU 104 Textbook & materials:

Option 1

Faber, N. & R. (2001). *Adult Piano Adventures, "All in One" Lesson Book 1*. Fort Lauderdale, Florida: The FJH Music Company.

Option 2

Faber, N. & R. (2001). *Adult Piano Adventures, "All in One" Lesson Book 2*. Fort Lauderdale, Florida: The FJH Music Company.

Since each student is likely to be at different ability levels, the teacher may assign materials outside of the textbook(s). These can be borrowed from BCC or purchased by the student at local music stores.

Learning Outcomes

The intention is for the student to be able to

1. Read notes from the grand staff and play them on the piano
2. Understand and be able to count and play rhythms correctly
3. Understand and use correct fingerings as directed in print music
4. Understand and use adequate tempo, dynamic, articulation, and other markings
5. Demonstrate increased knowledge, skill, and musical sophistication as compared with the levels attained by the end of MU 103, Piano Class III

Primary Learning PACT Skills that will be DEVELOPED and/or documented in this course

Through the student's involvement in this course, he/she will develop his/her ability in the following primary PACT skill areas:

1. Critical Thinking

- Through a variety of music pieces the student will learn how to take a piece of written music and turn it into a musical performance

Secondary skills (developed but not documented):

Self-Concept
Time Management
Problem Solving
Listening
Nonverbal Communication

Major Summative Assessment Task(s)

These learning outcomes and the primary Learning PACT skills will be demonstrated by

1. Preparing a portfolio of pieces of music played competently on the piano, which demonstrates the critical thinking skills inherent in the complex skill of playing the piano
2. Performing a memorized piece on the piano in front of an audience
