

Designing a Holistic Classroom for Accelerated Success

What is something (hard skill, soft skill, employability skill, college culture, etc.) that you have observed is missing or underdeveloped in your students?	What is the value of that “something”? Think about the impact on the student if _____ is missing or underdeveloped.	What is an activity you have already done or could do to help students develop _____? (initial exposure) What are ongoing activities that could help reinforce _____? (ongoing development)
