2017 Attendee Comments:

"I wish all conferences were as well-run, value filled, and energized. There were no down-times. Great organization by awesome people."

"I rarely give excellent ratings, but this conference has been tremendous. I am walking away with ideas I can implement in my classroom even if we don't use the ALP model."

"Thank you for the notebook and for the detailed planning that brought a diversity of topic options."

"Extremely well-organized and informative."

Two days

of meaningful workshops, presentations, and panels on innovative developmental programs in English and Math at a reasonable cost.
