

**BUTLER COUNTY COMMUNITY COLLEGE  
TRANSFER PROGRAM TO THE UNIVERSITY OF KANSAS  
KUCCNP PROGRAM**

**ADMISSIONS REQUIREMENTS:** In order to be eligible for admission, you must be admitted to the Butler Community College ADN program for the semester in which you are applying for admission to the KU School of Nursing. If you apply for this program at KU, but are not admitted to your community college's ADN program, you will not be considered for admission. **You must begin the ADN and BSN nursing programs during the same semester.**

Other requirements include a minimum cumulative GPA of at least 2.50, completion of all of the prerequisite courses detailed below, three letters of reference and a professional resume in addition to the online application. Admission is competitive; applicants are not guaranteed admission.

When calculating GPA, all non-vocational and non-remedial courses from all colleges and universities attended are considered. With the exception of Intermediate Algebra, remedial courses are not factored into the GPA. When a course is repeated, both the original and the new grade are factored into the GPA. With the exception of ADN courses, courses that do not transfer to KU are not factored into the GPA.

**APPLICATION DEADLINE:** The KU application deadlines will vary depending upon the community college admission timeline.

**LIBERAL ARTS REQUIREMENTS:** The BSN consists of 120 credit hours, 60 of which are primarily liberal arts and sciences courses. The remaining 60 credits required make up the nursing major. Credit for the nursing major courses is earned through a combination of portfolio examination of ADN course work and KU BSN course work. The course list below details the 60 credit hours of liberal arts courses required prior to matriculation into the KUCCNP program at KU.

Courses with grades of "D" or "F" will not be counted towards the required 60 hours. No Pass/Fail courses will be accepted.
