DOCUMENTATION

I certify I reviewed this student's vaccination record and transcribed it accurately.

Signature_____ Date___-____-____

Name of Agency _____

The record presented was:

- ☐ Kansas Immunization Record (pink card).
- ☐ Other Immunization record (Specify_____).
- ☐ School Record.

A 2-step (1-3 weeks apart) PPD Tuberculin Test must be completed within the last three months. Only intradermal skin tests are accepted. A chest x-ray (14"x17") is required for positive reactors to the tuberculin test.

Report_____ Date_____.

If positive reactor with chest x-ray on file, student must document absence of symptoms and awareness of need to report occurrence of TB symptoms to Butler College Health Service (322-3371) should they develop*. A negative Quantiferon (QFT) annually is also accepted as proof of negative TB.

Two Step Tuberculin Skin Test	Date Given	Given By	Date Read	Read By	mm indur **Required**	
← Intradermal PPD ONLY					_____ mm	☐ Significant ☐ Non-Significant
↑ Intradermal PPD ONLY (1-3 weeks after above date)					_____ mm	☐ Significant ☐ Non-Significant

*If the student has a positive PPD or QFT and an abnormal Chest X-ray and/or symptoms of active TB (cough lasting> 3 weeks, fatigue, night sweats, weight loss, anorexia, ect.) three sputum MUST be negative before the student will be allowed to attend class and treatment will be mandatory.
