PUBLIC COMMENT - NONE

STANDING REPORTS

<u>Student Government Association</u> – Kiersten Kamholz told the Board about the events SGA has hosted since the last meeting. On October 28th, they hosted a pumpkin carving and hot cider event in Andover. On October 29th, they partnered with Student Life and the cafeteria staff to hold a costume contest in El Dorado. Last week they shared information on their social media pages for HALO's Day of the Dead table which was located in the Student Union in Andover. Last Wednesday they held their last SGA meeting of the semester. Yesterday they started their second giveaway which is taking place on Instagram which includes a backpack, Butler gear, an Amazon Echo, and a food gift card. Today Financial Aid hosted a workshop on credit scores in the library. Coming up the SGA team and advisors all plan to attend the Andover ribbon cutting on Thursday.

<u>Operational Staff</u> – OpStaff President Lisa Bolin shared with the Board that at their October meeting they hosted Mary Hunter with Information Services who led them through all of the services that can now be accessed through the Service Now redesigned portal. The fund development committee has decided to postpone the pie sales until spring and cancel the annual December craft show. Several great ideas have been shared like a virtual paint night and corn hole or pickleball tournaments that would allow Butler staff, faculty and students to battle for Butler bragging rights. The next OpStaff meeting is this Thursday, November 12th.

<u>Professional Employees</u> – Terry Sader told the Board there wasn't much to report. They are down to the last two weeks of the semester and everyone is deep in grading.

<u>Board Finance Committee</u> – Trustee Lechtenberg reported that the committee met before the Board meeting and took a deeper dive into the materials that will be discussed later during the work session. It looks like there may be a little less available than originally budgeted for.

<u>Foundation Board Report</u> – Trustee Rhodes told the Board that the Foundation Board meets next Tuesday so he will have a report at the December meeting.

<u>President's Report</u> – Dr. Krull said that the college is starting our 14th week of classes and reminded the Board that students will be done with their classes the week of Thanksgiving. The students will be off campus for the break. A lot of institutions are going remote after Thanksgiving, but Butler made the decision this summer to just be done so students wouldn't have access problems. Offices and staff will still be on campus until Christmas break.

Butler has seen an increase in COVID cases this week. Each week the numbers are updated on the webpage and just as cases are increasing in the surrounding communities and school districts the cases here are climbing as well. This week there are 26 students that are active, positive cases and 12 employees with more in quarantine. The students are not all in the residence hall. An email was sent to all the employees to encourage them to continue to follow the mask protocols and continue disinfecting. Butler continues to do all of the contact tracing on campus which has helped.

The spring semester will look the same as the fall semester. No changes have been made to the protocols at all. Masks will still be required on campus, social distancing in the classrooms and groups will also remain in effect. Faculty will be at the ready to flip to remote if necessary if they need to be in quarantine or if they have a student who does.

Trustee Winslow asked where the college stands in order to give vaccines according to what the state who prioritizes who will receive them first. Dr. Krull said we will not any of that information until spring. She also said that from what they are telling college presidents, it will be late spring before access is given to any type of vaccine. There has been some discussion of moving college students up the priority list, but once she knows more, she will pass along that information.

Butler is in the process of planning a legislative luncheon for December 2nd. Legislators who cover the college area are invited along with school superintendents and board chairs, city administrators and the mayors. Dr. Krull is still concerned about scheduling the lunch and wishes to keep the group small. It could potentially be done remotely if needed.

On October 20th, Dr. Krull hosted Leonard Hernandez, the new CEO at Susan B. Allen hospital, and Holly Landon, Executive Director of the Foundation for a campus tour and visit with the nursing department.

The ribbon cutting for the 5000 building is on Thursday and Dr. Krull invited the Trustees to attend. Nurses pinning is being scheduled for November 24th and will only include the nursing students and faculty. Families will be able to watch the livestream. And finally, each Trustee was given a copy of the Veterans Day Honor Roll (seen on the next page). This is an annual tradition to show our appreciation for everyone who has served and we ask faculty, staff and Trustees to submit their years of service, but this

does not include anyone who did not share their years of service. Dr. Krull asked everyone to take time to thank all of the veterans as you see them since many of the celebrations will be canceled due to COVID.

MONITORING REPORTS

Online, High School, and Community Learning Division – Heather Rinkenbaugh and Donnie Featherston presented the annual report to the Board.

<u>Kerry Hale Sabbatical Report</u> – Kerry Hale presented the Board with her Sabbatical Report from Fall 2019.

BOARD STRATEGIC DISCUSSION – ISSUES AND OPPORTUNITIES

<u>COVID Related Grant Funds</u> – Jaime Goering and Kim Sherwood shared with the Board how the money from COVID grants has been expensed. All of the money was received with very specific guidelines on how to spend it.

CARES Act – Student Funds: All funds have been disbursed by Butler Community College to students in accordance with the regulations of the grant. Reporting on the funds is available on the Butler website. Financial Aid has been in contact via email to students who have not yet cashed their check to see if any student funds have been returned to Butler so that they can be reallocated. Note: approximately \$20,000 has not yet been cashed by the students. The CARES Institutional funds are spent as a match to the Student Aid funds – Butler is not able to allocate/spend more in institutional funds than what is spend on student aid.

CARES Act – Institutional Funds: CARES Team is still receiving requests and evaluating each item at our weekly meetings. A needs list is assembled for these funds in conjunction with SPARK fund requests. The amount expended to date is \$1,467,954.80 which is approximately 81% of the awarded funds. The remaining balance of \$348,856.31 is allocated for expenses as shown on the provided spreadsheet.

SPARK Funding from Butler County: Reporting for the SPARK grant includes uploading each invoice associated with the funding received from the county into the SPARK Smartsheet provided by the county. The CARES team has uploaded all invoice and payment information as requested. First phase allocation totaled \$130,697.10. The expenditures for this funding are as noted on the provided spreadsheet It is anticipated that a second phase will open through the county. The CARES team has been working diligently to keep a needs/request list so that if additional funding becomes available, we are ready to submit a request for funding.

Corona Virus Relief Fund: Butler was allocated \$581,379.00 and has \$9,224.42 as a balance remaining in this fund. Similar to the other grants, as additional requests come in, the CARES Team is evaluating each request to determine if they fit the parameters of the grant. The focus of this funding to date has been centered around technology needs for remote student learning as well as health and safety items. Health and safety

items include COVID tests and air purifiers/scrubbers. The CRF fund was also used to support Academic needs for online test proctoring.

FEMA: At this time, no request has been made to FEMA as they are intended to be final level of funding once all other funds available have been utilized. We are keeping consistent contact with our FEMA representative and making sure to ask questions on potential funding items should there be a need to utilize FEMA funding. This funding will be available until 60 days following the end of the disaster declaration for the pandemic. At this point, there is no end date determined.

CARES Act – Student Funds: All funds have been disbursed by Butler Community College to students in accordance with the regulations of the grant. Reporting on the funds is available on the Butler website. Financial Aid has been in contact via email to students who have not yet cashed their check to see if any student funds have been returned to Butler so that they can be reallocated. Note: approximately \$20,000 has not yet been cashed by the students. The CARES Institutional funds are spent as a match to the Student Aid funds – Butler is not able to allocate/spend more in institutional funds than what is spend on student aid.

During the discussion Trustee Smith asked about the childcare grants and how much Butler would have received if EduCare would have remained open. Jaime shared that the amounts of the grants ranged pretty heavy and they were all reimbursement based. Dr. Krull shared that her understanding of the grants was that they were short-term and would not have been sustaining. They were geared more towards health care workers who still had to work and needed child care coverage.

Trustee Smith also asked about budgeted items for Bill Young that hadn't been spent yet. He asked about the hotspots and phones. Kim Sherwood shared that while we were closed, there were several employees without reliable internet so they relied on the Verizon Hot Spots to work remotely.

Trustee Winslow asked how the hot spots were paid for. Bill Young said that we don't purchase the hot spots and we only pay for them when they are activated. At any time there can be up to 50 activated. She also asked how long we anticipated needing these services for students and staff. Bill Young said he doesn't see this as a permanent solution and that once COVID is behind us they will still use them on an occasional basis for those who apply through the CARE team.

Trustee Smith asked about the laptops money and wanted to make sure that we weren't going to put these computers on a permanent rotation that would need to be replaced in a few years. Bill informed Trustee Smith that the college was replacing some of the desktops with laptops and not doubling up on the computers being purchased.

Trustee Smith also questioned whether the Honor Lock subscription that was originally purchased with CARES funds would need to be continued with the college budget. Lori Winningham explained that the need for Honor Lock came because of COVID, but that

the state is looking for a special statewide subscription option. Dr. Krull asked Lori to provide an update when she had more information from KBOR.

Trustee Winslow asked if Butler had a Software Coordinator. Dr. Krull explained that IS manages all of the software purchases and reviews of software. Trustee Winslow also requested a list of the software we purchased just due to COVID 19 that we do not plan to use in the future. Dr. Krull said she would ask Bill and his team to put together a list.

Butler Community College COVID Funding Sources & Uses 10.21.2020 Update

COVID Funding	Type	Award	Allocated Expenses	Balance left to Allocate	Expended to Date	Balance to Expend
CARES Act Student Aid Funding	Federal	1,815,966.00	1,815,966.00	(0.00)	1,815,966.00	0000000

BOARD ACTION ITEMS

<u>Approval of Minutes</u> – Trustee Rhodes moved to approve the minutes as presented. Trustee Lechtenberg seconded. Trustee Smith explained that he had requested the minutes be added to the action items in order to review comments that were made regarding items in the consent agenda. Trustee Rhodes said that the purpose of the Consent Agenda is to approve things without discussion and that to enter notes into the minutes with only one side of the issue it is a misinterpretation of the Board's decisions. If the items wanted to be discussed, it should have been taken out of the consent agenda for discussion. Trustee Winslow requested a response from Trustee Law who serves as the Secretary of the Board. Dr. Krull explained that the minutes were added to the agenda for approval by all of the Board and are not reviewed ahead of time by any one member.

Lora Jarvis called a roll call vote and Trustees Good, Law, Lechtenberg, and Rhodes voted in favor. Trustees Winslow and Smith voted against. The Motion passed.

<u>Virtual Desktop Infrastructure</u> – Butler Community College must be strategic and fiscally responsible while creating an environment that supports our student's ability to learn during the COVID 19 pandemic. The technology challenges that COVID has created for our students have become more prevalent throughout the summer and fall semesters of 2020. In order to address the educational needs of our students during this pandemic, Butler has significantly increased both the online learning and hybrid learning environments. Information Services has explored different solutions for our students that will support their ability to complete their degrees while off campus and not in their classrooms with access to their required software. Butler Information Services is recommending that the Board of Trustees approve the project to move forward on a software solution that enables our students to run Butler software applications from any device that supports a web browser including Chromebooks, iPad's (tablet's), and other computers.

The implementation cost of this project includes \$18,140.00 for CDWG professional services to help implement the solution and training for internal support resources moving forward.

The software solution includes a monthly cost to Amazon Web Services for hosting the virtual desktop environment. This solution incorporates two unique applications to host the Butler software needed for Butler students. The first application, Workspaces, will be configured and sized to meet virtual desktop standards at a cost of \$14,760.00 per year. The second application, AppStream, will be configured and sized to meet the needs of application delivery for students across the institution for a cost of \$37,020.00 per year.

Trustee Lechtenberg moved the board approve the implementation of this software solution utilizing professional services from CDW and Amazon Web Services licensing for \$69,920.00 through the CARES Act funds.

Trustee Smith wanted to make sure that these funds would not be considered again with regular college funds. Bill Young explained that these funds jumpstart the Virtual Desktop program which will lead to saving money on our annual PC replacement costs by stretching the life of a computer from the current 4-year cycle to 7 or 8 years.

Lora Jarvis called a roll call vote and all of the Trustees voted in favor. The motion passed unanimously.

<u>Ocelot AI Chat Bot</u> – Over the last 13 months, Butler Community College's Information Services Division has been leading the conversation and research regarding a Chatbot/AI solution for the institution. In conjunction with Student Services and other functional units, IS began this process by engaging industry leaders in the discovery and demo process. After evaluating GeckoEngage, LivePerson, and ThoughtFocus-YANA, we decided to schedule demos of both YANA and LivePerson. While the general functionality of these solutions appeared to meet most of our needs, the implementation curve and cost were both untenable. Each of these solutions came in above \$70,000.00 per year and presented a long and drawn out implementation timeline that included advanced integration development with our systems. BCC backed away from the search for a Chat Bot solution.

Due to the challenges presented in remote communication during the COVID pandemic, BCC's Information Services and Student Services decided to bring the discussion back to the table. In lengthy consultation with some of our collaborative partners in KCCIT and KANE, BCC was introduced to Ocelot and their Chat Bot solution. Ocelot has an extensive background in financial aid and student services as well as technology and general campus operations. Ocelot built their AI engine around integration with the systems that we use along with a simple and quick implementation curve that conforms to the capacity and workloads that we have at Butler Community College. After contract negotiation, BCC was able to secure pricing for a 3-year contract at just over \$109,000.00 total.

Information Services partnering with Student Services is requesting approval to purchase an artificial intelligence chat bot powered by IBM's Watson from Ocelot on a 3-year contract. Ocelot has been serving community colleges and universities for over 17 years. Ocelot chat bot will promote student self-service, reduce phone calls, improve customer service, and increase student retention. Ocelot has a client retention rate of over 96% year over year and has launched over 230 chat bots for colleges and universities. The benefits of implementing a chat bot: decrease phone calls and emails, better use of staff time by allowing the chat bot to answer tier 1 questions, increased student engagement and satisfaction, instant answers 24 hrs 7 days week. Ocelot chat bot features pre-loaded knowledge base with video library for 20+ departments,

multilingual capabilities, API integrations, 320+ question Covid 19 knowledge base, reporting and analytics, and Live Chat transfer from bot to live agent.

Ocelot Campus Wide AI Chat Bot: Year 1 \$45,000 Year 2 \$19,800 Year 3 \$45,000 Total: 109,800.00 negotiated pricing, list price \$162,000

Trustee Law moved to approve the purchase and implementation of Ocelot AI Chat bot for Butler Community College. Trustee Good seconded.

Trustee Smith asked if Butler needed an automated telephone and if this will eliminate a staff position to compensate for the money. He expressed that he didn't see phone calls as the future of the college. Bill Young explained that the Chat Bot is the little thing that pops up in the corner of a website to ask tier one and two questions that will allow us to concentrate on the upper tier questions. Though it will not eliminate a position, it will reduce the need for additional staff.

Trustee Winslow asked what other institutions are using this product. Bill Young said that WSU Tech is currently using the product while Barton Community College is in the process of adopting it. She also inquired if we are ahead or behind the rest of the colleges in our region. Bill said we are a little ahead right now, but this is definitely the future.

Lora Jarvis called a roll call vote and all of the Trustees voted in favor. The motion passed unanimously.

CONSENT AGENDA

Trustee Law moved to approve the rest of the Consent Agenda. Trustee Lechtenberg seconded. Lora Jarvis called a roll call vote and all of the Trustees voted in favor. The motion passed unanimously.

Doug Law – Secretary

Using an online tool to increase retention and understanding of material in the community college classroom

How Effective is Cerego?

Sabbatical Goals

- Complete CREST project
 - Using an online tool to increase retention and understanding of material in the community college classroom – How Effective is Cerego
 - Present results
 - 2nd Saturday, IDD, National Conference
- Refine Cerego
 - Anatomy and Physiology II (BI 227)
 - Anatomy and Physiolgy I (BI 226)
- Microsoft Certifications
 - Word, Excel, PowerPoint

CREST participation

- Community College Research in Education and Scholarly Teaching
- National Science Foundation funded
 program
- Provides workshops, training, and support for community college faculty to conduct educational research

What is Cerego?

- Cerego is an adaptive learning technology platform based on principles of neuroscience and cognitive science.
- Cerego's patented technology uses the scientific method of spaced rehearsal as the basis for memory retention.
 - 70% of learning is lost in 24 hours. 80% is forgotten in 30 days

✓ Cerego

Previous Research – ASU Global Freshman Academy

GFA Health and Wellness Course Spring A 2019

Amount of Cerego Sets Completed by Students	All Sets	Some Sets
# Committed Students (Completed both Midterm and Final Exam)	436	141
Average Grade in Course	88%	76%
Average Grade on Midterm	90%	81%
Average Grade on Final	82%	73%

ASU Global Freshman Academy (cont.)

AST Solar Systems Astronomy 111 Fall 2017

Amount of Cerego Sets Completed by Students		Some Sets
# Committed Students (Completed both Midterm and Final Exam)	85	19
Average Grade in Course	80.9%	66.0%
Average Grade on Midterm	68.9%	55.8%
Average Grade on Final	76.4%	64%

University of Hawai'i at Manoa

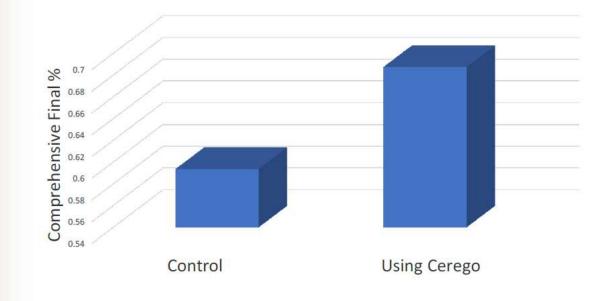

- Introduction to Macroeconomics course
 - 98 Students
- Data included measures of prior educational attainment (GPA), Pell grant eligibility, and performance on the midterms and final exam.
- Each level of retention built in Cerego by the date of the exam was associated with a further 12 point increase

Results

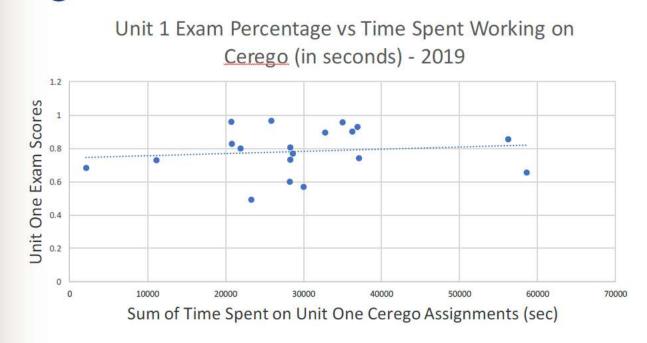

- There was a significant improvement on comprehensive final scores since implementing Cerego into the classroom
 - Without Cerego = 59.4%
 - With Cerego = 68.9%
 - P(T<=t) one-tail = 0.008537
- = 9.5% Improvement in Scores

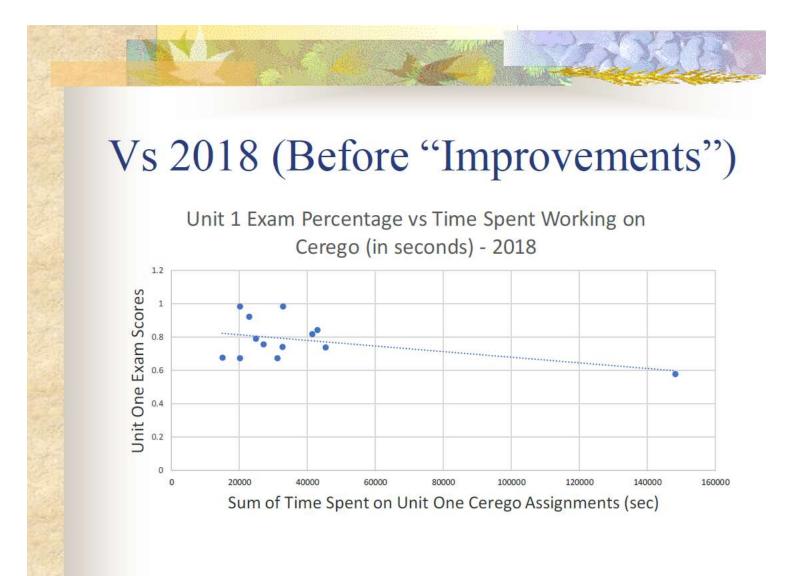

Cerego Increased Performance on Comprehensive Final Exam

Final Exam Scores Before and After Implementing Cerego

Interesting... though not significant

Other Findings Cerego Rating Groups vs Average Comprehensive Final Score 0.7 0.1 0 Exceptional Above average Below Average Average Low

Current Problems

- No data from Spring 2020
 - Cumulative Exam not given in online environment
- Data from Fall 2020 may not be reliable
- No longer able to use Cerego due to moving to McGraw-Hill Inclusive Access
 - Textbook much more affordable
 - Inferior Adaptive Learning Software

TOPIC for ACTION Full Time Biology Instructor

REPORT:

Dr. Glenn Manning is recommended for the Biology Instructor position for the 2020-2021 academic year. Dr. Manning holds a Bachelor of Science in Biochemistry and Biology from Kansas State University and a Doctor of Philosophy in Biology from University of Arkansas at Fayetteville. He brings to Butler 17.5 years of teaching experience. He has taught general biology, human anatomy and physiology, anatomy, comparative anatomy, zoology, herpetology, and microbiology at various University of Arkansas locations. He spent the last 13 years at the University of Arkansas at Monticello. We are pleased to welcome Glenn to Butler and the division of Science, Technology, Engineering, and Math.

RECOMMENDED ACTION:

Recommend approval of Dr. Glenn Manning as a Full Time Instructor of Biology for the 2020-2021 academic year at a salary of \$52,210 plus full benefits. This position is replacing Dr. Ramesh Devkota who withdrew prior to Fall 2020. This position fills the vacancy left when Tonya Kerschner retired at the end of the 2019-2020 academic year. This position is funded from the Biology department general fund budget.

TOPIC for ACTION Resignation of Bailey Joonas

REPORT:

Bailey Joonas, full-time Public Safety Instructor, has submitted his notice of resignation effective December 31, 2020. Bailey has been a full-time employee of Butler Community College for 1.5 years.

RECOMMENDED ACTION:

The administration recommends that the Board accept the resignation notice for Bailey Joonas.

RECOMMENDED FUNDING SOURCE:

N/A

Submitted by:Shelley StultzSupervisor:Dr. Kim KrullDate:November 20, 2020

Dean Streeter,

This letter is to inform you of my resignation. I feel that it is time to find a different individual to fill the role required under the contracted full time instructor. My intentions are to resign at the point of which another full time instructor can replace me or by the end of the Fall 2020 semester, which ever may come first. I hope to still be able to fill an adjunct role and to help with the creation of new classes for our students as that is where my passion lies and I believe I have excelled at. If there is a need for any clarification, please feel free to contact me.

Sincerely,

Bailey Joonas

TOPIC for ACTION Resignation of Catherine Menefee

REPORT:

Catherine Menefee, full-time English Instructor, has submitted her notice of resignation effective December 31, 2020. Catherine has been a full-time employee of Butler Community College for 2 years.

RECOMMENDED ACTION:

The administration recommends that the Board accept the resignation notice for Catherine Menefee.

Dr. Susan Bradley Dean of Humanities, Social and Behavioral Sciences Butler Community College 901 S. Haverhill Rd El Dorado, KS 67042

Dear Dr. Bradley:

Please accept this letter as notice of my intent to resign my position as Associate Professor of English effective the end of the Fall 2020 semester. I have been honored to serve among Butler's faculty these past few years, but unfortunately I need to resign for personal reasons. I hope to remain employed part-time at Butler to teach as an adjunct instructor, subject to Butler's enrollment and employment needs.

Thank you for your leadership and mentorship during my tenure in this role. Please let me know if you need any additional information from me.

Regards,

Catherine Menefee

Completion (Grad rates and transfer rates) <i>Updated in spring</i>	IPEDS Graduation Rate (First-time, Full-Time, Degree- Seeking; 150%)	Increase graduation of FT/FT, degree- seeking students from 24% to 34% by 2020	Graduation rate= 26% Transfer rate = 30% (2018 = 26%; Transfer = 26%)
Completion (Credential awards) Preliminary update – late fall; final update - spring	Annual production of certificates and degrees	Increase the award of degrees and certificates from 1,415 to 1,557 by 2020	1,446 (1,513 in AY 2019)
Retention Updated in spring	IPEDS Fall Enrollment Report; retention of first- time, full-time, degree-seeking students from fall to fall	Increase retention of FT/FT, degree- seeking students to 71% by 2020	60 % (2018 = 60 %)
CTE placement rates Updated in spring	Job placements of completers/leavers of Butler CTE programs	Exceed 79%	76.3% (2018 = 77%)
Transfer GPA and hours <i>Updated in spring</i>	GPAs and transferred hours of Butler transfers to state universities	Exceed peer basket of other KS community colleges	Average GPA of new Butler transfers = 3.22; average hours transferred=49.85; peer basket average GPA 3.23 and 47.89 hours transferred. (Fall 2017 Average GPA of new Butler transfers = 3.20; average hours transferred 48.74; peer basket average GPA 3.17 and 47.35 hours transferred).

KBOR PERFORMANCE AGREEMENT OUTCOMES

GOAL	KBOR Mandated Baseline	OUTCOME Year 3 (AY 2019)
Increase third party industry credentials	1012	1072
ALP success rates	63.1%	53.47%
Increase STEM credentials	302 AAS and Certificates	296
Improve College Algebra pass rates	65.2%	72.7%
First year retention	62.4%	65.1%

Department/Project Name	Program Offerings
Responsible individual	Lori Winningham
Report for the BOT meeting of	December 8, 2020
Strategic Goal: Ensure Student Success	Priority Number: 1a (Research and develop
	new program offerings)

Narrative

Construction Technology was approved in the spring/summer of 2020 for a Fall 2021 launch. This program will be delivered in Andover for the general Butler student population and in Rose Hill in an Early College Academy format in partnership with Rose Hill School District. Industry partners have been involved in the creation and launching of this program from the beginning. The curriculum was developed based upon NCCER curriculum which will allow students to earn certificates through this nationally recognized organization. Funds were reallocated from another academic department to hire a construction technology faculty member. This search is currently in process with the plan to have the faculty member hired by January.

Data Analytics certificate was developed in the Accounting department and was launched in the fall 2020 semester. Faculty are working to put these courses online. Research will be conducted to see if an AA or AS degree should be developed for transfer students.

Other potential new programs are being researched and listed below.

Current Outcomes

Develop Diesel Technology Certificate that could be offered through our current Auto Technology program.

The Physical Therapy Assistant Kansas Board of Regents (KBOR) package is near completion and will need to be approved for moving forward to the Board of Trustees. It is recommended that a current vacant Nursing faculty position be reallocated to support this program. The earliest this program would be available to students would be fall 2022 due to accreditation requirements.

Action items for future outcomes

Determine timeline to develop and deliver diesel technology certificate.

- Seek approval for Physical Therapy Assistant program
- Research and determine lab science AS degree
- Seek faculty certifications to deliver Amazon Cloud Academy certificate for entry level and professionals.
- Research feasibility of Equine Science courses and/or degree
- Develop and deliver an Early College Health Science Academy for the El Dorado campus.
- Develop and deliver an Early College Agriculture Academy

Strategic Alignment

Ensure Student Success – Research and develop new program offerings.

Department/Project Name	Act On with Recruit
Responsible individual	Kelly Snedden & Jessica Ohman
Report for the BOT meeting of	December 8, 2020
Strategic Goal: Ensure Student Success	Priority Number: 4c (Refine the
	implementation Act On with Recruit to
	cultivate priority prospects)

Narrative

For higher education, marketing automation is about using software and technology to streamline, automate and measure marketing tasks and workflows in order to increase **personalization** for prospective students and efficiencies for internal resources while growing the potential for enrollment conversion and therefore revenue. It allows for the automation of repetitive tasks such as email marketing, social media posting, and ad campaigns based on individual behavior. In addition, the implementation of such a system provides the ability to properly score leads thereby assisting admissions in focusing on prospects which will most likely convert, again increasing the efficiencies of conversations between various steps of the intake funnel/buying cycle.

Since April College Relations & Marketing has been working to implement, learn and launch the Act-on Automation software. The system is integrated with Ellucian Recruit, the Admissions tool and as of early this month now properly scores prospects based on their engagement with our website, our display ads and our emails. The score is visible to both the marketing team in Act-on and to the Admissions Team in Recruit. It is labeled their ACT-ON Behavior Score.

Marketing and Admissions can now begin to understand the behavior attributes and can now learn where to effectively tweak messaging and timing of messages to better drive traffic. Once we understand the meaning of the range of scores, we can have the system alert designated persons, i.e. admissions counselors, when a prospect reaches a critical score metric.

Current Outcomes

We began with a 15,000 active contact contract and this fall had to increase it to 25,000 as we now have 17,357 active contacts.

Application conversions tracked by the system based on emails sent beginning April 30, 2020 is currently at 139 applications.

Action items for future outcomes

- Deeper understanding of the score metrics and their meaning to Butler recruiting
- Developing automated communication flows for each program to drive funnel traffic.

- Integrating the Act-on system with Zoom in order to track scoring metrics from program specific webinars, virtual recruiting events.
- Enhancing the communication flows and form fields in order to capture additional information about the prospects overtime to improve profiles in the system.

Strategic Alignment

Ensure Student Success Advance Institutional Effectiveness

Department/Project Name	Butler Talk/Faculty Forums
Responsible individual	Shelley Stultz, Kim Krull, Lori
	Winningham
Report for the BOT meeting of	December 8, 2020
Strategic Goal: Invest in Our Employees	Priority Number: 2b (Continue "Butler Talk"
Success	and "Faculty Forums" during FY2021 and share
	compiled feedback)

Narrative

Each semester, the Vice President of Academics schedules and hosts at least one faculty forum a month. This past fall, the forums have been remote. This gives faculty the opportunity to connect with the VPA on a monthly basis. They may submit specific topics and questions they may have prior to the scheduled forum. The president has also held college-wide zoom meetings which are open to all employees.

Current Outcomes

Faculty Forums were held on:

- August 5 (Lead and Chair meeting)
- August 7 Fireside Chat for PDD week all faculty
- September 4 First Friday zoom all faculty
- October 2 First Friday zoom all faculty
- November 6 First Friday zoom all faculty
- December 4 First Friday zoom all faculty

College-wide zoom meetings were held on:

- July 2 Return to Campus
- October 19 general update

In addition to the forums, Faculty Updates have been sent through all faculty emails in August, September and November as have "all employee" emails in July, August, September and November. These have been especially helpful during the COVID operations to keep faculty and staff informed of operational protocols and new information as it became available. Additional updates are planned prior to the end of the fall semester.

Action items for future outcomes

Continue to hold regular faculty forums so faculty have opportunities to get updates and ask questions. Continue to send faculty updates through all faculty emails. All employee zoom meetings will continue to be scheduled and informational emails sent.

Strategic Alignment

Butler will invest in our employees' success with the strategic priority specific to promote shared/participatory governance and enhanced communication. The identified faculty and employee forums/meetings/zoom sessions and email updates were focused on improving communications and disseminating critical information, especially during the difficult COVID operations.

Department/Project Name	Professional Development
Responsible individual	Lora Jarvis
Report for the BOT meeting of	December 8, 2020
Strategic Goal: Invest in Our Employees	Priority Number: 3b (Continue to implement
Success	professional development training opportunities
	for staff through FY2021)

Narrative

In order to provide the best service to Butler's customers, the staff needs to have the best training available. Administrative assistants are not often afforded the chances to travel for conferences and other trainings so in October 2019, Butler started a program just for them. Since then we have met at least monthly for training and information sharing.

Current Outcomes

Last year with the success of the Administrative Assistants meetings and trainings, it was decided that this year additional trainings would be offered to other operational and support staff on campus. With meetings being limited to Zoom, a team is still working on topics that will be relevant to everyone.

The administrative assistants continue to meet twice a month on the first and third Fridays. The group has had the chance to share some great work at home advice as well as support each other. Jessica Ohman met with them to give them more information on how they could help in making calls to interested students for recruitment efforts.

Action items for future outcomes

The team plans to start offering additional Zoom trainings to other staff in January 2021. The topics and timing of the trainings will be decided based on the most availability of staff interested in participating.

Strategic Alignment

This objective is part of Butler Community College's 2020-2021 Strategic Plan with the college's goal of "Invest in our Employee's Success", under which Priority 3 calls for the support of a culture of innovation, excellence and accountability through performance management and professional development. Performance indicator 3b says the college will Continue to implement professional development training opportunities for staff through FY2021.

Department/Project Name	Internships
Responsible individual	Aletra Chaney-Profit
Report for the BOT meeting of	December 8, 2020
Strategic Goal: Contribute to Our	Priority Number: 1a (Enhance internship
Communities	opportunities through collaborative work between
	Student Services and Academics for students in
	FY2021)

Narrative

Butler Community College strives to offer internship opportunities to students and recognizes them as significant learning experiences.

Internships allow students to apply their knowledge with real world application, receive direct supervision and feedback from industry representatives, and provides ongoing contemplation of learning objectives throughout the internship.

Internships benefit employers and the community by bringing fresh perspectives to businesses, developing pipelines to meet employment needs, reducing employee workload and decreasing retention by hiring interns.

Current Outcomes

Career Services has assisted three students with internships during Fall 2020. The department has also supported students in the Career Readiness cohorts with tools for employment success in preparation of the Internship course and work-based learning opportunities.

Internships were added to nine programs during Fall 2020 as an elective to their pathways.

Partnerships with regional employers are continually being established to assist with experiential learning for students.

Action items for future outcomes

- Continue to foster employer and student relationships by increased partnership and collaboration through internships
- Continue supporting the addition of internships to more programming for college credit
- Evaluate the college's scope of internships to include virtual, micro, and remote internships

Strategic Alignment

Emphasis on internship development helps support Butler's strategic priorities.

 They help ensure student success by providing opportunities to explore industry and attain experiences that make them employable following their degree attainment

- Supporting students in their career development helps to contribute to our communities because they work in the community and contribute to local economies
- The more Butler produces students that are educated, experienced and equipped, the more it will usher us to the forefront as a power for good, which affirms our effectiveness as an institution

Department/Project Name	CEU Training
Responsible individual	Lori Winningham
Report for the BOT meeting of	November 8, 2020
Strategic Goal: Contribute to our	Priority Number: 1D (Develop and provide
Communities	new CEU training opportunities during AY2020)

Narrative

With enrollment on the decline for the past three years, the academic division has been exploring a number of options to address this issue through offering Continuing Education Units (CEU) or noncredit training. A CEU is a unit equal to 10 hours of participation in an accredited program designed for professionals with certificates or licenses to practice various professions. The annual number of CEUs required varies by state and profession.

There are many professions that require the CEUs in order to keep their licensure. (Attached is a list of CEU opportunities offered through Butler Community College – BETA.)

Current Outcomes

BETA has been studying the market to identify the CEU market and which ones were best suited for Butler to pursue. Some CEU credit (for example, elementary and secondary education) can only be obtained through four year universities. BETA has been working through the professions to seek out which ones can be obtained through a two- year college. We have a great start on this determination and which ones to enter the market with first.

Action items for future outcomes

As the specific CEU market segments have been identified, BETA will continue to enlist new partners already entering the market or will hire industry experts to design the curriculum needed to become a premier CEU center for such professionals needing them for their credentialing. We are working currently with the National Society for Human Resource Management (SHRM) to develop PD (Professional Development Credits), another form of CEU, for their national audience of HR professionals. We have been approved as one of their Recertification Provider. We also work with many other partners from a variety of industries to develop ongoing CEU/PD credit. (See attached lists for current partners and CEU opportunities)

Strategic Alignment

With this particular goal, the strategy is to be able to contribute back to our communities by providing innovative and creative recertification options for professionals to continue to work in their industries. This also aligns under this same strategy by strengthening our partnerships and engagement with our business and industry partners by offering their recognized and accredited recertification's.

Department/Project Name	Stakeholders
Responsible individual	Kim Krull
Report for the BOT meeting of	December 8, 2020
Strategic Goal: Contribute to Our	Priority Number: 2a (Initiate and engage
Communities	service area stakeholders through direct
	communication of academic, financial, student success and workforce information during
	FY2021)

Narrative

In order for Butler to more comprehensively engage service area stakeholders, it is important for key college administrators to share information on the college's strategic plan, key initiatives, funding, successes, challenges, student successes, and economic and workforce impact. Documents produced through College Relations and Marketing as well as overarching college marketing materials will be shared with individual college stakeholders and in organizations' regularly scheduled meetings or work sessions allowing time for some discussion and insight regarding the college.

Current Outcomes

FY2021 "Butler By the Numbers" document has been completed. "Butler County and Butler Community College" fact sheets have been completed and are ready for printing. Butler Community College mill levy and economic impact fact sheets are being finalized.

Action items for future outcomes

Meetings will begin in early January with college stakeholders, service area stakeholders, area organizations, chambers, commissions, school boards, etc.

Strategic Alignment

This objective is part of Butler Community College's 2020-2022 Strategic Plan with the college's goal of "Contribute to our Communities", under which Priority 2 calls for engaging community members and college stakeholders through strategic communication and visioning and performance indicator 2.2a identifies the goal to initiate and engage service area stakeholders through direct communication of academic, financial, student success and workforce information during FY2021.

Department/Project Name	Mill Levy
Responsible individual	Kim Krull & Kelly Snedden
Report for the BOT meeting of	December 8, 2020
Strategic Goal: Contribute to Our	Priority Number: 2b (Create awareness of mill
Communities	levy and tax concerns utilizing accurate data and
	information)

Narrative

Butler has a significant economic impact for the southcentral region of Kansas which includes a 10-county primary market. Butler County is one of only 18 counties which supports a local community college with tax revenues. Concerns have been raised related to the impact of the college's mill levy on the local taxpayers. Updated information providing insight into the economic impact of the college, the return on investment for Butler County citizens, students and general taxpayers, along with comparative mill levy data for the other Butler County taxing entities and 18 community colleges will be compiled and shared to create greater awareness and provide opportunity for conversation surrounding the value of the college.

Current Outcomes

With the area taxing entities legal budgets published in July and August, the mill levy information for the college, county, communities of Andover, Augusta, and El Dorado, and school districts of Andover, Augusta, and El Dorado has been updated. It has been included in Butler Community College Facts document being produced by College Relations and Marketing. It is currently being reviewed and finalized.

Action items for future outcomes

Butler's compiled data related to economic impact and mill levy will be shared broadly across the county and service area. Individual meetings will be scheduled with civic organizations, non-profits, school boards, chambers, city councils, commissioners, business partners, and individual city and school district administrators

Strategic Alignment

This objective is part of Butler Community College's 2020-2022 Strategic Plan with the college's goal of "Contribute to our Communities", under which Priority 2 calls for engaging community members and college stakeholders through strategic communication and visioning and performance indicator 2.2b identifies the goal to create awareness of mill levy and tax concerns using accurate data and information.

Department/Project Name	Hiring Process	
Responsible individual	Shelley Stultz	
Report for the BOT meeting of	December 8, 2020	
Strategic Goal: Advance Institutional	Priority Number: 1c (Strategically broaden	
Effectiveness	advertising, review, and hiring processes to attract	
	underrepresented populations)	

Narrative

The Diversity and Inclusion Council has brought forth a strategic plan that includes a producing a more structured process to bring the diversity of Butler's faculty and staff (with respect to race, class, sexuality, gender, economic-status, and other diversity measures) in closer alignment with underrepresented populations we serve.

Current Outcomes

The Diversity and Inclusion task team working on this priority has begun preliminary research into other college practices, and reviewed Butler's current hiring policies across divisions and job classifications.

Action items for future outcomes

As the team continues to refine the data and research of best practices in this area, they will propose policies and recruitment practices that would enhance our efforts in attracting underrepresented populations in our applicant pool and ensuring our hiring processes promote unbiased practices evaluation and selection of candidates for employment.

Strategic Alignment

Ensuring student and employee success with the ultimate aim of fostering a more inclusive work and learning environment at Butler Community College.

Butler Community College Ctate

Statement of Revenue, Expenditures, and Other Changes

REVENUES:

Tuition/Fees

In-County, In-State, Out-State, International Tuition, Tuition Waivers, Continuing Ed Fees, Nursing Fees, Auto Tech Uniform Fees, International Student Processing Fees,

Online Course Fees, Enrollment Fees, Student Health Fees, and Athletic Scholarship Fees Local Sources

Ad Valorem Taxes, Taxes-in-Process, Delinquent Taxes, Motor Vehicle Taxes, and other Local Taxes

State Sources

State Operating Grant and SB155 Funding

Auxiliary Sources

Dorm Rental – Fire Science students

Student Life and EduCare Fund Revenue (not applicable to Operating Funds)

Other Sources

Interest Income, Reimbursements, Commissions, Gate Receipts, Deferment Fees, Media Resource Fees, and Prior Year Claims Cancelled

Transfers

Testing Fees Transfer for Administration, Transcript Fees Transfer for Advising, and Residence Hall Debt Transfer

EXPENSES:

Instruction

General, Vocational and Adult Instruction

Other Expenditures

Parking and Agency Funds (not applicable to Operating Funds)

Academic Support

Library, Academic Administration, Curriculum Development

Student Services

Counseling, Financial Aid, Student Records, Admissions, Health Services, Student Activities, and Student Services

Institutional Support

Executive Management, Fiscal Operations, Community/Public Relations, Information Services, and Administrative Services

Physical Plant Operations

Maintenance of Buildings, Equipment, Grounds, Debt Service

Student Financial

Scholarships and Grants

Auxiliary Enterprise

Operating Support of EduCare Center

Transfers

Debt Service Payments, Operating Support to ABE, BETA, and Grizzly Adventures, Annual Transfers to Development, Facilities, and Technology Funds

THANK YOU NOTES

Dear Butler Community College Family,

On Behalf of the entire Vietti crew, and me especially, thank you so very much for our beautiful bouquet of flowers that brought a smile to our faces and warmed our hearts, as we deal with the loss of our beloved James. Filled with sunflowers, which find the means always to turn towards the sun and my forever favorite color, i.e. purple, your compassionate gesture nurtured our spirits and warmed our hearts more than words can express. Believing that one never really leaves Butler, thank you for affirming that conviction.

With lasting gratitude,

Dr. V et al
